

Dolav Lifter

Dolav Lifter

Heavy-duty Dolav lifters and tippers provide a safe and efficient solution for handling large bulk containers throughout food-production environments.

Designed for loads up to 1,000 kg, these robust stainless-steel systems deliver smooth, controlled lifting and tipping while reducing manual handling and improving operator safety. Standard tipping heights range from 113 to 152 cm, with individually selected heights and configurations available to suit your Dolavs, products, processing machinery and discharge points.

The mobile design provides flexible positioning around production, allowing the equipment to serve different machines and applications. Ideal for meat, poultry, fish, vegetables, dry ingredients, pet food and many other bulk products.

We can also offer fixed dolav lifters let us know your requirements.

Call [+44 \(0\) 2890 994 202](tel:+442890994202) or email sales@totalfoodmachines.com to discuss your requirements.
